

Python™

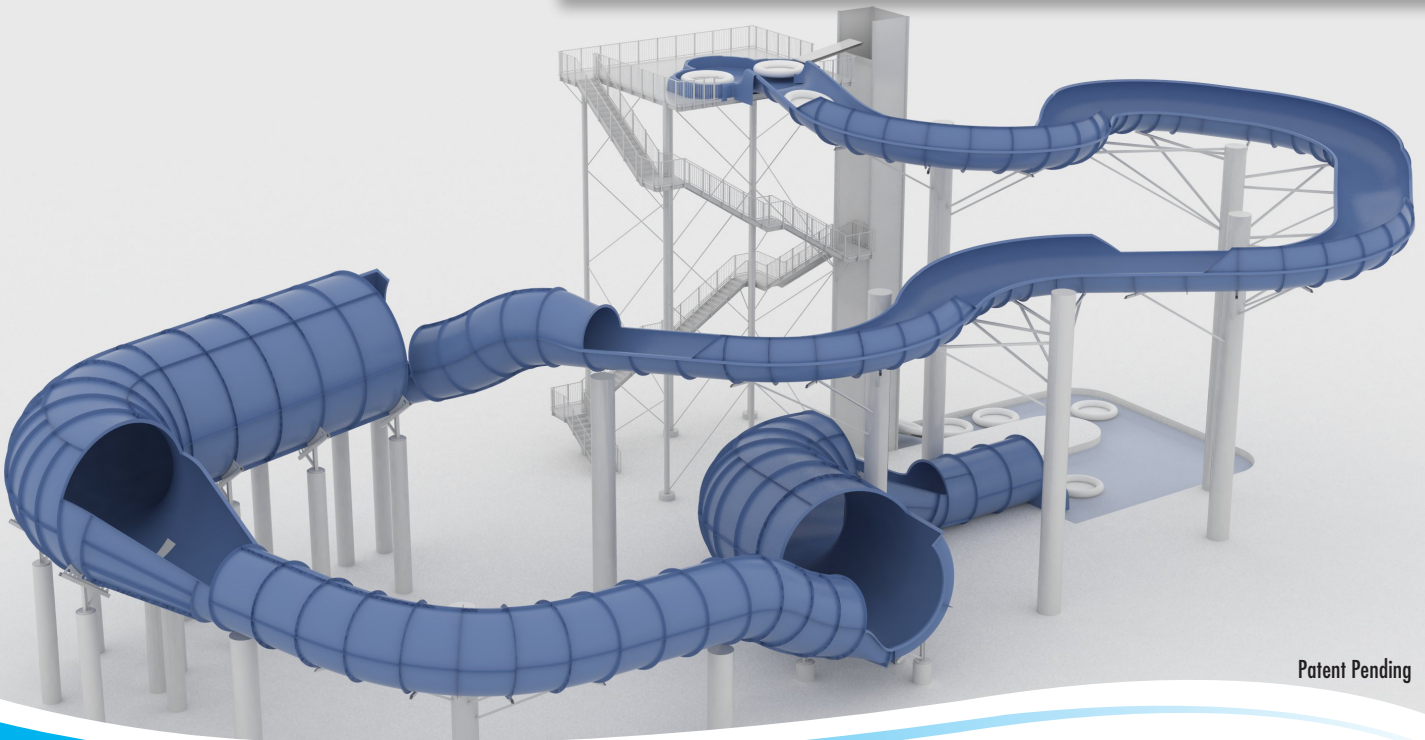

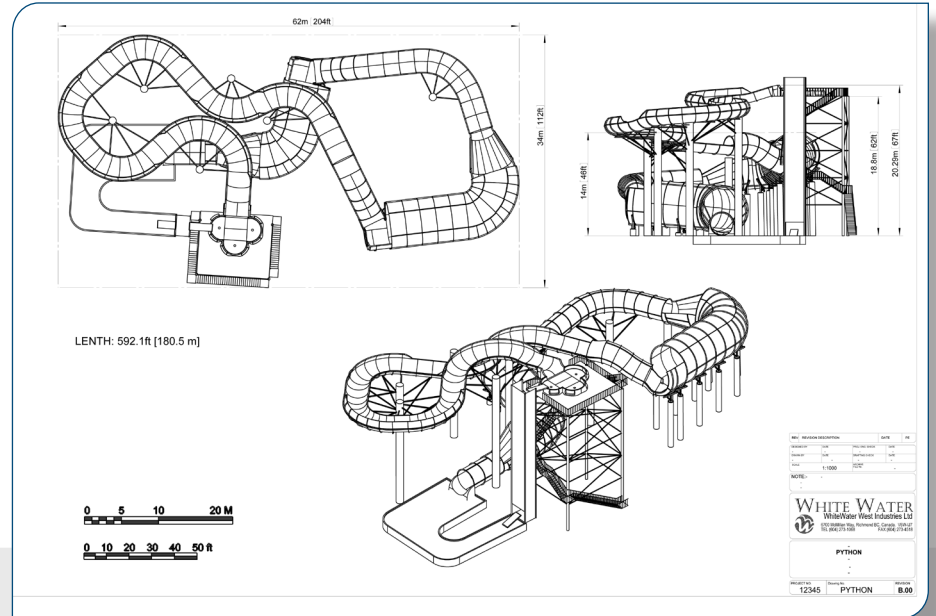

MEGAtube™ series

WhiteWater's latest family raft ride is equally massive on visual appeal and entertainment value.

The Python swallows guests through open and enclosed sections of adrenaline-pounding drops, building anticipation of what's next.

MEGAtube technology allows for 'flume in flume' capability creating a one-of-a-kind attraction and ride experience.

Patent Pending

Python™

Product Features:

- two 6.1m (20 ft) diameter MEGAtube sections with 3.05m (10 ft) wide family raft ride
- six person family raft ride
- conveyor system required
- ability to add additional MEGAtube sections
- combine with another signature attraction on the same tower and conveyor system
- strong visual and spectator appeal
- customized theming options
